TOP ACHIEVEMENT

Shenzhen Wangke Technology Co., Ltd.

Aug 2025 — Apr 2026

App Development Lead

OpihPda Professional factory procurement and warehouse management app; full ownership from requirements to release.

Hipobuy Overseas procurement app for global markets; published on App Store and Google Play; led development and launch.

Google Play (last ~180 days): installed users grew from ~10K to ~65–70K with sustained growth.
App Store (through Mar 2026): 344K+ cumulative iPhone downloads; daily downloads rose sharply in late period.

Used Cursor, v0, Claude code and other AI tools to significantly improve development and design efficiency.

RELEVANT EXPERIENCE

Xinmeiye Technology (Shenzhen) Co., Ltd.

Jan 2024 — Jul 2025

Technical Director

Led mini-program development and ops for Xinmeiye and Ruiyanling; AI-driven marketing for beauty; nearly 1,000 stores onboarded.

Guangxi Wangpei IoT Technology (Shenzhen Branch)

May 2020 — Nov 2023

Technical Director

Smart community app, video intercom (WebRTC), Chaozhiwei ERP supply chain, smart access, vending machines; technical decisions and team leadership.

Shenzhen Duzun Technology

Jul 2016 — Jun 2018

Project Manager / Lead

Backend R&D and technical management; led IoT projects including Duzun Tanba.

KEY SKILLS

AI coding as a core recent strength (Cursor, v0, Claude code). Full-stack Flutter app experience across IoT, e-commerce supply chain, and IM; familiar with Bluetooth, MQTT, WebRTC, and AI API integration; can independently build and ship backend and app from design to production.

`Flutter` `Java` `PHP` `JavaScript` `Python` `WebRTC` `MySQL` `WebAudio` `Rust` `Electron` `ffmpeg` `canvas` `Ethereum` `Solana` `NoSql` `websocket` `Bluetooth` `Mqtt`

ERP, smart community, IoT, e-commerce and supply chain, smart hardware.

EDUCATION

Chongqing University · B.S. · Thermal Automation & Computer Application · 1995 — 1999
